

Most prestigious names in the business rely on CIRCOR Industria

Collins Aerospace

MEGGITT

LATÉCOÈRE

Project Expertise

From the Design to the Mass Production, all the project is supported by CIRCOR's Experts

Production Expertise

Winding Assembling in CIRCOR Morocco.

To this day, **More 100 Stator References** are Assembled, Wounded and Tested in CIRCOR-Morocco

Fully customized Motor Design.

The Motor is fully designed FOR the customer application

Motor Example : Brushless Motor with a very low cogging torque less than 10^{-3} N.m

Technical Expertise

High Technical Know-How

Many Motors designed for Aerospace Industry.

Motor Power less than 1kW

Use of ANSYS MAXWELL & MECHANICAL

Why Choose CIRCOR Industria to Design a BRUSHLESS MOTOR ?

Production Expertise

Motor Assembling by Hand or on Semi-Automatic Bench [about 25 motors per day]

Mass Producton

Low Cost Area in CIRCOR-Morocco
